**A stunning example, this vintage Aït Bou Ichaouen carpet has a large scale central meandering lozenge network highlighted in ivory and charcoal grey. A combination of male zig zag (snake) motifs and female lozenge formations fill the field. Framed with a deconstructed male ladder motif border rather than a traditional sawtooth edge. Woven in a palette of abraded magenta and plum, with motifs in grass green, orange, sky blue, charcoal, and ivory. A wonderful Talsint. 100% wool.**
